## Weather App

A simple **weather application** that provides real-time weather updates for any city using the **WeatherAPI**. The app features a sleek and modern UI with **light/dark mode toggle**, smooth animations, and real-time weather data.

Features

✅ **Get Real-Time Weather** – Fetches live weather data for any city.
✅ **Temperature, Humidity, Wind Speed** – Displays essential weather metrics.
✅ **Animated UI** – Includes fade-in and bounce animations for a better user experience.
✅ **Dark Mode Toggle** – Switch between **light mode** and **dark mode** for a personalized look.
✅ **Responsive Design** – Works on **mobile, tablet, and desktop** screens.
